## Welcome To My Portfolio

### Skill

I possess a strong skill in problem-solving, demonstrated by my LeetCode score. I have a solid understanding of programming languages such as Java, JavaScript, and Python. Additionally, the Linux CLI is one of my recent achievements.

### Education

As a third-year Software Engineering student, I have actively participated in numerous group projects, frequently taking on the role of group leader. Additionally, I hold certifications from Cisco Networking Academy in Linux Essentials, Cybersecurity, and Python.

## My Services

### System Administration

Efficiently manage servers, networks, and IT systems using my Linux expertise. I specialize in automation, server configuration, and ensuring system security.

### Full-Stack Web Development

Build dynamic, scalable web applications with the MERN stack. I deliver responsive designs and seamless user experiences from front-end to back-end.

## My Services

### System Administration

Efficiently manage servers, networks, and IT systems using my Linux expertise. I specialize in automation, server configuration,
